

Text 1

Text 2

Text 3

Text A

Text B

Text C

#### Aims:

- The barcode will populate with the contents of the variables controlling the other two groups.
- Text 1, 2 and 3 should always align with the top of the barcode with a constant gap between fields.
- Text A, B and C should always be horizontally centered with a constant gap between fields.
- The text box will resize and the image will move based on the content of Text 2.
